George Cooper, D. D., tendered on Sunday, declined last night to make any statement whatsoever in connection with the matter.

with the matter.

The meeting was held after a regular quarterly session of the church, at which only the routine of business was transacted. Those present were Messrs. Chas. II. Winston, R. S. Bosher, N. P. Cofer, W. T. Hancock, A. W. Patterson, George A. Haynes and John B. Jeffress and Dr. L. C. Mitchell. The gentlemen discussed the resignation at length, and adjourned wifer fit o'clock with nothing decided, so far as could be gathered. The report of this committee will decide the church in its course. According to one of the members, it is possible that this report will be made next Sunday, but not likely.

ACCEPT RESIGNATION.

While it is impossible that the gettal the actual facts in connection with the matter, it may be stated positively that the recommendation of the committee will be that the resignation be accepted. No other course is possible in view of the position taken by Dr. Cooper. It may be stated also that the kindllest feelings exist between the pastor and people. Many of the congregation have been heard to express regret at the coming departure of Dr. Cooper, who has served them faithfully for the past eighteen years.

A GREAT SURPRISE.

The resignation came as an intense surprise to the majority of the congregation and to the denomination at large. A few of the church officials knew what was coming, but for the most part the Baptists of the city and State experienced a distinct shock.

Dr. McFaden is one of the best known Presbyterian ministers in the State, and the news that he will probably come here has attracted widespread interest in the city. He is Grand Regent of the Royal Arcanum in the State and is equally prominent in other ways. His addition to the ministerial circle of Richmond would be a valuable one. While no definite statement from him has been obtained, it is generally believed that he will accept the call.

A telegram from Lynchburg last night gives the following account of the visit of the committee:

Rev. F. T. McFaden, D. D., pastor of the First Presbyterian Church of this city, has been tendered a call to become the pastor of the First Presbyterian Church of Richmond, which has been without a pastor ever since Dr. R. P. Kerr went to the Boundary-Avenue Presbyterian Church, in Baltimore.

A committee, consisting of Messrs, Cullingsworth, Cannon and Woods, came here from Richmond to hear Dr. McFaden, and they had an interview with him Sunday morning and formally extended him a call.

When seen by The Times-Dispatch correspondent to-night Dr. McFaden said that he would rather not make any statement at present. He would not give any information in regard to the matter.

end with two games to-day, one each at New York and Detroit, and at Philadelphia against Cleveland. Practically the season has ended for both leagues, for the renaining games cannot change the relative positions of the teams. In the National League Pittsburg for the third successive season landed the pennant, easily excelling the other teams. John McGraw's New York team, known as the Glants, wrested second honors from Chleago during the last two weeks. Cincliniati landed a bad fourth. The positions of the other teams are given elsewhiere. St. Louis ended in the rear of the procession.

In the American League Boston has long been surely first, winning with a big margin, and four percentage points ahead of Pittsburg; the National League pennant winner, Philadelphia in the last two days of the playing season wrested second place from the formidable Cleveland aggregation by a natrow margin. Cleveland was third, with a comfortable lead over New York, which could not land higher thän fourth, owing to the weak batting of the team. Three western teams, Detroit, St. Louis and Chicago, follow in the örder stated, and Washington—poor old Washington!—landed in the last hole, but with a higher percentings than St. Louis, the National League tail-ender.

Three Pittsburg batters capture the batting honors of the year, standing first, second and third among the National League hitters. They are Wagner, 256, Kennedy, 252, and Clarke, 349. There were in the National League twenty-one batsmen, whose averages are above 200. Of this number Cheinant has six, but could not land higher than fourth place in the league pennant race. Mob Breaks Loose from All Restrain and is Very Disorderly.

(By*Associated Press.)
DETROIT, MICH., September 28.news special from Sault ste Marie, Mich.,

A mob of the discharged employes of the Consolidated Lake Superior Company, after being put off with promises when they demanded their promised wages this morning broke away from all the estraint a large force of special police could exert and smasked every windown in the magnificent office building of the company in the Canadian Soo, charged upon the street cars and demanded that the conductors and motormen join them, and were only prevented from doing further damage by a clever ruse of one of the company's officials who turned in a fire alarm to divert attention. Almost every man in the crowd was armed and in the uglest kind of a mood.

the door was defended strenuously by the door was defended strenuously by those inside who fired a birge number of shots, none of which, however, took any effect. The hardware store of W. H. Plummer & Co., was broken into last night and every gun and revolver in stock was stolen, together with all the airministion that could be found.

The authorities have called out the local company of militia, and have telegraphed

an urgent request for both the regulars and more militia. The local militia company is small, totally incapable of coping with the situation. A meeting of the employes of the company was held in Barn's Hall this morning, and its proceedings were of the mest heated character. The particular grievances which seemed to have inflamed the men, was the promise of pay to-day, when the men who made the promises, the employes believe, knew they could not be fulfilled. BECAME FURIOUS. Immediately after this meeting adjourned the men went in a body to the office of the company, datermined to get their money or "get satisfaction," as they put it. The doors of the office were locked and guarded by police, and all the men got was a bulletin posted upon the door, which stated that the company was unable to pay to-day, but that the wages whill be paid ultimately. This notice, instead of allaying the excitement of the crowd, which by this time was estimated to number 1.50, made them furlous, and despite the efforts of the combified strength of the local; police forces and the company's private police force, rocks and other missiles soon filled the air, directed at the windows of the office building, inside of which could be seen the officials of the company. Efforts to secure admittance to the building by members of the mob were furtiless, althought a determined attempt was made. Some one thog turned in an alarm of fire, with a ylew of using the fire hose upon the mob. The firemen turned several streams on the crowd and drove them quite a distance from the building. This reduced the size of the mob, the proportions where they could be handled by the police, and the roters were then driven off the premises.
